| Marine insurance claim (First notice) | |
|---|--|
| Please provide as much information as possible to avoid processing delays | |
| Your name | |
| Telephone | |
| Fax | |
| Email | |
| Is the boat insured in your name? If not tell us the name of our Assured, if different | |
| Policy number (if known) | |
| Information about your boat | |
| Boat's name | |
| Year, Builder (Make) and model <i>(e.g. 1995 Hunter PassageMaker sloop)</i> | |
| Length | |
| Information about the loss | |
| Date and time | |
| If this is a Named Storm (Hurricane) loss, please indicate Storm Name (e.g. George, Charley, Frances, etc.) | |
| Where did the loss occur? Be specific. "The Bahamas" is too general. "Hatchet Bay, Eleuthera, Bahamas" tells us a lot more. | |
| Describe what happened Try to recall as much detail as possible if you were there. If you were not there tell us what you know. | |
| Describe the damage to your vessel. This is to give us an idea of the extent of the claim, e.g. Is it a scratch or a total loss. | |
| Who was operating the vessel at the time of loss? If not under command state "Not under command" | |
| Who was injured? State their name, gender, age if known and relationship to you. If no injuries state "None" | |
| What other vessels were involved in this loss? Provide us with as much information as possible. A description of the other boat(s), the operator and owner names, addresses and contact numbers and other information you think may be important. | |
| Where can the boat be seen? Include all contact names and numbers. This information will assist the adjuster in making a timely trip to your boat if necessary. You cannot provide too much information. | |

This information is the preliminary information your insurer will use to open their file, contact you and visit the vessel if necessary.

******The easier it is to contact you and locate your damaged boat, the quicker you will see results.******
